

Cue Biopharma to Present at Bloomberg Biotech Innovations Conference

April 5, 2018

CAMBRIDGE, Mass., April 05, 2018 (GLOBE NEWSWIRE) -- [Cue Biopharma](#), Inc., (NASDAQ:CUE) an immunotherapy company developing a novel, proprietary class of biologics engineered to selectively modulate the human immune system to treat cancer and autoimmune diseases, announced today that it will present at the Bloomberg Biotech Innovations Conference being held at Bloomberg's offices on 731 Lexington Avenue in New York City, NY on April 9, 2018 at 5 pm ET as part of the immuno-oncology track.

Daniel Passeri, M.Sc., J.D., President and Chief Executive Officer at Cue Biopharma will provide an overview of the Company's technology platform and development strategy as well as updates on key programs and anticipated milestones.

About Cue Biopharma

Cue Biopharma is an innovative immunotherapy company developing a novel, proprietary class of biologics engineered to selectively modulate the human immune system to treat a broad range of cancers and autoimmune disorders. We design biologics to engage and modulate the activity of disease-associated T cells in the patient's body, with the goal of offering significant therapeutic advantages while potentially minimizing or eliminating unwanted side effects.

We believe our biologics allow us to target antigen-specific T cell populations in a variety of indications using a simple peptide exchange within previously-validated drug frameworks developed from the Cue Biologics Platform. This flexibility could truncate the drug selection and development process, moving effective therapeutics from discovery to clinical validation more rapidly and cost-efficiently than current industry standard timelines and costs.

Headquartered in Kendall Square, Cambridge, MA, we are led by an experienced management team and scientific and clinical advisory board (SAB/CAB) with deep expertise in the design and clinical development of protein biologics, immunology and immuno-oncology.

Forward-Looking Statements

All statements in this release that are not based on historical fact are "forward-looking statements." While management has based any forward-looking statements included in this release on its current expectations, the information on which such expectations were based may change. Forward-looking statements involve inherent risks and uncertainties which could cause actual results to differ materially from those in the forward-looking statements, as a result of various factors including those risks and uncertainties described in the Risk Factors and in Management's Discussion and Analysis of Financial Condition and Results of Operations sections of our recently filed Registration Statement on Form S-1, which can be found on the SEC's website at www.sec.gov. We urge you to consider those risks and uncertainties in evaluating our forward-looking statements. We caution readers not to place undue reliance upon any such forward-looking statements, which speak only as of the date made. Except as otherwise required by the federal securities laws, we disclaim any obligation or undertaking to publicly release any updates or revisions to any forward-looking statement contained herein (or elsewhere) to reflect any change in our expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.
