Cue Biopharma to Present at Three Upcoming Investor Healthcare Conferences in November

November 7, 2023

BOSTON, Nov. 07, 2023 (GLOBE NEWSWIRE) -- Cue Biopharma, Inc. (Nasdaq: CUE), a clinical-stage biopharmaceutical company developing a novel class of T cell engagers to selectively modulate tumor-specific T cells, announced today that it will participate in three investor conferences this November, the Stifel Healthcare Conference, to be held in New York from November 14-15, the Jefferies London Healthcare Conference, to be held in London from November 14-16, and the Piper Sandler Annual Healthcare Conference, to be held in New York from November 28-30.

During the presentations and fireside discussions, Cue Biopharma will provide a corporate overview including recent data highlights from its lead clinical programs, CUE-101 and CUE-102, representative of the IL-2-based CUE-100 series of selective T cell engagers.

About Cue Biopharma
Cue Biopharma, a clinical-stage biopharmaceutical company, is developing a novel class of injectable biologics to selectively engage and modulate disease-specific T cells directly within the patient's body. The company's proprietary platform, Immuno-STAT ™ *(Selective Targeting and Alteration of T cells)* and biologics are designed to harness the body's intrinsic immune system as T cell engagers without the need for ex vivo manipulation or broad systemic immune modulation.

Headquartered in Boston, Massachusetts, we are led by an experienced management team and independent Board of Directors with deep expertise in immunology and immuno-oncology as well as the design and clinical development of protein biologics.
